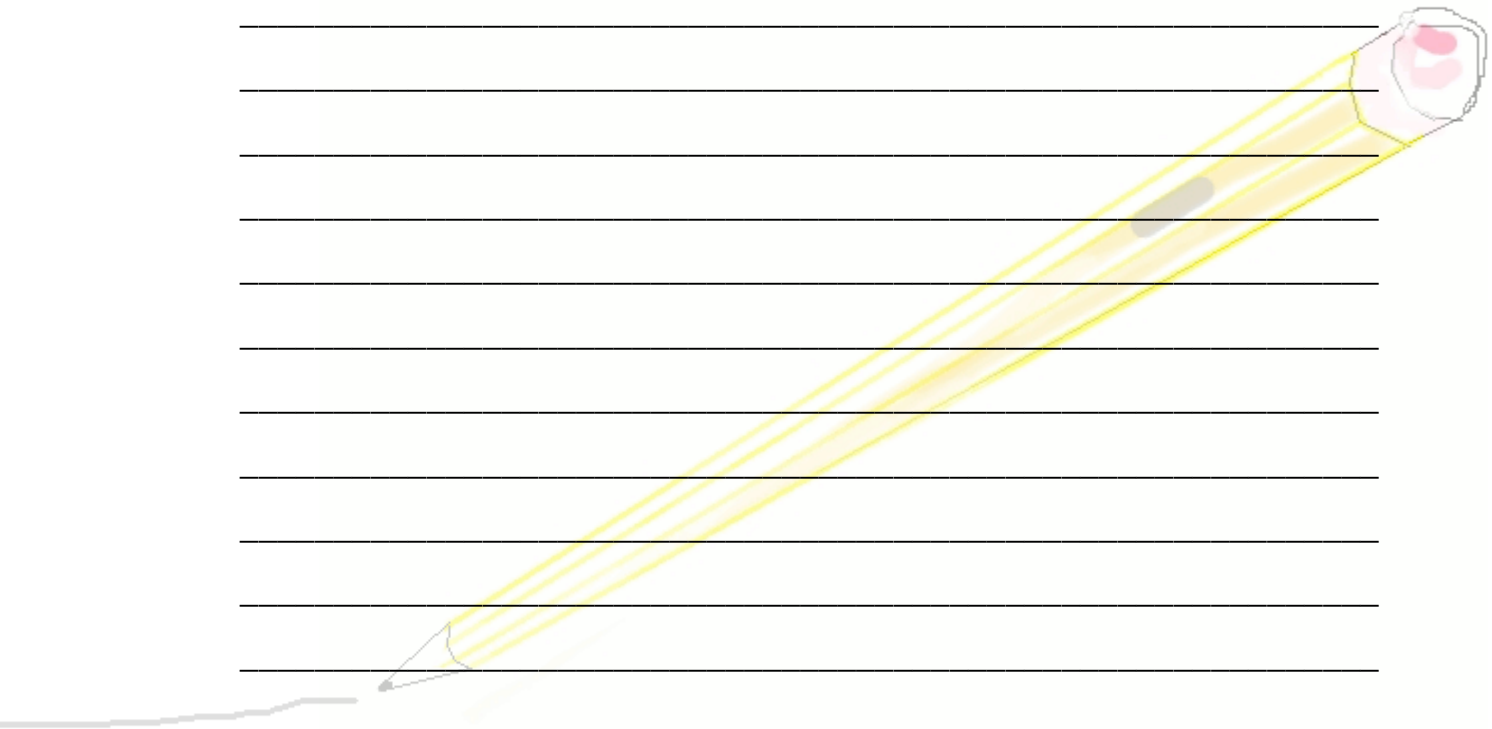
Intermediate Question Response – "Which country?"

Directions: Please respond to the question below.

Question: Which country would you like to visit? Why?


Example Answer: I am very interested in China. I have seen photos of the Great Wall in China, and it must be amazing! It's over 4,000 miles long! I would also like to see the sights in Beijing, the nation's capital. And no trip to China would be complete without a meal in a real Chinese restaurant!
